

# **SOS Table of Contents (10.2.06)**

## **Executive Summary**

## **Puget Sound Report Card of Status and Trends**

## **Introduction**

### **State of the Sound's *Water***

- General information
  - Indicator: Freshwater quality
  - Indicator: Marine water quality
- Toxic Contamination
  - Indicator: Contaminants in *sediments*
  - Indicator: Contaminants in resident Chinook salmon
  - Indicator: Contaminants in mussels
  - Indicator: Contaminants in seals
  - Indicator: Contaminants in English sole
  - Indicator: Oil spills
- Nutrients and Pathogens
  - Indicator: Safe, edible shellfish
- Stormwater Runoff
  - Indicator: Land cover changes
- Agency accomplishments
- Continuing challenges

### **State of the Sound's *Habitat***

- Indicator: Human Population
- Indicator: Eelgrass
- Indicator: Streamflow
- Indicator: Aquatic Nuisance Species (tunicates/spartina)
- Agency accomplishments
- Continuing challenges

### **State of the Sound's *Species***

- Indicator: Orca
- Indicator: Salmon (coho, chinook)
- Indicator: Rockfish
- Indicator: Herring
- Indicator: Abalone
- Indicator: Marine Birds
- Agency accomplishments
- Continuing challenges

**State of the Sound's *Climate***

- Indicator: Temperature (air/water)
- Indicator: Sea level rise
- Indicator: Streamflow
- Indicator: Snow-water equivalent
- Agency accomplishments
- Continuing challenges
